George,

Dave, Tom F., and I met with Virg yesterday who had two people with him - Nino Cutraro (developer/builder and Wahlburger franchisee) and Chad Proudlock (Canpoy Affairs Group). They expressed strong interest in the DPW site and were hoping it could be structured as a RFP as they believe a dispensary would only be one component, they would also look at a Wahlburgers and possibly a hotel.

I explained the eBay bid process was such that we would work with the highest bidder to negotiate a subsequent purchase agreement. They also requested and were provided the environmental records.

Bids close today at 12:20 p.m. and I expect we'll see some additional bids before the deadline.

Tim
